MISSISSIPPI ORDNANCE PLANT
JACKSON, MISSISSIPPI

June 25, 1943

Dear Bryant:

In appreciation of your gift, I wish to send a note of thanks to all the hearty supporters of the Bryant Service Club. I also wish to extend my thanks to the committee for their work in this wonderful club.

It is very gratifying for a soldier to be so cheerfully remembered by his alma mater. I'm sure every member of Bryant now in the Armed Forces feels as I do. I never realized what an important part keeping up the moral played in this war until I came into the Army. You may rest assured that your efforts are not in vain.

my new life as a soldier
started March 22nd at Fort Devens.
From there I was shipped to
Camp Lee, Va. with quite a num-
ber of fellow Bryant Students.

We went through our five weeks
at Lee together. Needless to say
we were all thankful for being
together those first five weeks.

After basic however we were
pretty well separated. William Banden,
George Dion, Jimmy Dunn and myself
were sent down here to the
Miss. Ordnance Plant.

At the present thanks to the
typing course I took at Bryant, I am
now working at our Battalion Head-
quarters in the capacity of company Clerk.
The work is very interesting and it
keeps me fairly busy.

Again I wish to thank you
for your thoughtfulness.

As ever,

Albert Bassalaw "44"
